

WELCOME BACK TO SCHOOL

The new school year is right around the corner, and our team members at Metz Culinary Management are excited to welcome students back for the 2024 / 2025 school year. We are looking forward to seeing all of the new and returning students this year.

School meals are important to fuel healthy minds and bodies, and we strive to offer students favorites that are both delicious and nutritious. We are proud of our school lunches, and our culinary team continually adds new menu items that your student can find in their favorite restaurants. This year we are looking to add a lot of themes in to the menu, tasting stations that will allow your children to try things they may have never heard of or tried before and celebrate different cultures.

School meals include nutritious foods, including fruits, vegetables, lean proteins, milk, and whole grains. School meals are also great value, especially with the rising costs of groceries and inflation. Your student will be offered a well-balanced meal that, which offers a serving of fruit and vegetables daily, along with whole grains, lean proteins, and low-fat milk.

We also offer an outstanding breakfast program for students that is cost-effective for parents/guardians. As the most important meal of the day, our culinary team creates breakfast menus that students will surely enjoy while fueling their brains for learning.

Our online meal payment program payschoolscentral.com is available to add funds to and or monitor your children's lunch account. I highly encourage you to sign up to view their accounts. You also have the option of sending money in an envelope with your child's name on it.

If you have any questions, please feel free to contact me. I am looking forward to a wonderful school year and cannot wait to see all of the children.

Sincerely,
Tina Nelson
