As we embark on our 58th year as the only Catholic High School in Ocean County, this year is unlike any other in our storied history. The pandemic has upended so many of our lives, as well as many of our best laid plans. Even though we face times of uncertainty, at Donovan Catholic we hold on to what we know is certain. This certainty is the assurance of trusting everything is possible through Christ.

As I walk the halls, I am inspired daily by the dedication of our administration, faculty, staff, and most importantly, our students. They are steadfast and resolute in overcoming any obstacle in their path. Whether it is in-person or virtual educational options we remain committed to our mission of spiritual and academic excellence.

The purpose of my writing is to reach out today asking for your support of our newly branded, *The Donovan Catholic Fund*. This fund for ongoing annual giving allows our families, alumni, patrons and friends the opportunity to provide funding which is essential to our operations and growth. Moreover, in overcoming the financial challenges brought on by Covid-19, there has never been a time when we have needed you to make a personal gift more than today.

Your gift impacts our mission — no matter the amount — and helps to perpetuate the spiritual and academic growth at Donovan Catholic each and every day. Thank you for your generosity and consideration of my request. Please know your support WILL INSPIRE AND PROVIDE for our students today and for the generations of students of tomorrow. Together, we will get through these times and become a stronger community. Thank you for your confidence and trust in them and their journey through the safe and great hallways of Donovan Catholic.

God bless you for your generous participation.
