

Updated Security Policy

If you are planning an unscheduled visit, (to drop off lunch, school work, projects, practice gear, etc.) please call the Main Office prior to your arrival to let us know you are coming. When arriving at the school, you will be asked your name and reason for your visit before being allowed to enter the building. Please first sign in at the security desk and/or the front office for check in. When visitors, volunteers, vendors, or parents/guardians arrive to pick up students, a valid state issued ID will be required at the front desk. By asking visitors to present a valid state ID, it is our hope that we can provide a safe school environment.
